IV. Guest Laura Candeloro- Region 9 Specialist	<p>Laura Candeloro, Region 9 Specialist Introduced herself and spoke about some of the questions that have been raised by members and invited members to ask others. Other questions:</p> <p>Homeless determination- addresses of homeless families and the crossing of boundary lines for programs:</p> <ul style="list-style-type: none">• Feeling that you have to take a family and serve them based on the address that is given at intake. Will check with Andrea as well to confirm. <p>The question still in place around McKinney Vento regulation that whatever program they come to must serve them regardless of geographic location...Laura to research more.</p> <p>Kinship care/foster child: ensuring that programs are able to show determination for foster children eligibility; must make sure that they are in the foster care system? Answer: Once a child is eligibility they remain eligible for their duration of time in HS or EHS. Transitions between EHS to HS still require re-eligibility.</p> <p>Clarification: holding of 3% of slots for 30 days which has foster care as one of the special populations. Discussion of some of the challenges being worked through with DCS and point scoring for eligibility to continue to try & build collaborative partnerships with DCS.</p> <p>FDC Credential for HBV: more guidance still to come from OHS concerning equivalency. Recommend programs look at what skills the program wants to have and be able to demonstrate how individuals or positions are different. Laura is currently on a National Content Area Team for PFCE. Regionals will showcase best practices and examples, encouraged programs to share their story. They are looking always for Program Specialists or TA Specialists -- tell everybody. It was suggested that as a committee we can make this a standing committee item so that stories and practices can be shared through AHSA.</p>	Laura
